Balloon Payment — A balloon payment is any installment payment (usually the payment due at maturity) which is greater than twice the amount of the smallest installment payment under the terms of the promissory note or sales contract.

The borrower/vendee may have to obtain a new loan or sell the property to make the balloon payment. If the effort is not succesful it may be necessary for the holder of the note/contract to foreclose on the property as a means of collecting the amount owed.

There are subordination provisions. ☐ Yes ☐ No
If YES, explain here or on an attachment.

Servicing

You will be a joint beneficiary with others on this note and you should request a list of names and addresses of the beneficiaries as of the close of escrow from the broker or servicing agent. The beneficiary(ies) holding more than 50% interest in the note may govern the actions to be taken on behalf of all holders in the event of default or other matters. See Civil Code Section 2941.9.

Loan To Value

GENERALLY the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the real property senior thereto, shall not exceed the following percentages of the current market value of the real property as determined in writing by the broker or qualified appraiser.

Single-family residence, owner-occupied	80%
Single-family residence, not owner-occupied	75%
Commercial and income-producing properties	65%
Single-family residentially zoned lot or parcel which has installed off-site improvements including drainage, curbs, gutters, sidewalks, paved roads, and utilities as mandated by the political subdivision having jurisdiction over the lot or parcel	65%
Land which has been zoned for (and if required, approved for subdivision as) commercial or Residential development	50%
Other real property	35%

The percentage amounts specified above may be exceeded when and to the extent that the broker determines that the encumbrance of the property in excess of these percentages is reasonable and prudent considering all relevant factors pertaining to the real property. However, in no event shall the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the property senior thereto, exceed 80 percent of the current fair market value of improved real property or 50 percent of the current fair market value of unimproved real property, except in the case of a single-family residentially zoned lot or parcel as defined above, which shall not exceed 65% of current fair market value of that lot or parcel. A written statement shall be prepared by the broker that sets forth the material considerations and facts that the broker relies upon for his or her determination which shall be disclosed to the lender or note purchaser(s) and retained as a part of the broker's record of the transaction.

NOTE: If more than one property secures this loan, you should also refer to attached RE 851D.

PART 5 SERVICING ARRANGEMENTS

If the loan is to be serviced by a real estate broker you must be notified within ten (10) days if the broker makes any advances on senior encumbrances to protect the security of your note. Depending on the terms and conditions of the servicing contract, you may be obligated to repay any such advances made by the broker. (Note: There must be a servicing agent on multi-lender transactions.) The broker may not guarantee, or imply to guarantee, or advance any payments to you unless a securities permit is obtained from the Department of Corporations.

NOTICE

The broker has a responsibility to make reasonable efforts to determine that the loan/investment is suitable and appropriate for the lender/purchaser based on information provided by the lender/purchaser regarding the lender/purchaser's financial situation and investment objectives.

ADDITIONAL DISCLOSURES

- Investments in notes secured by trust deeds and real property sales contracts are subject to risk of loss of principal and monthly income. If the borrower stops making payments on any investments you make, you will not receive income; therefore, you cannot rely on this income.
- If your investment is secured by a junior lien and the borrower defaults on a senior lien, it may be necessary for you to meet the obligations of the senior lien in order to protect your security interests, which may include making the senior loan current or paying the senior loan balance in full.
- If your investment is in a multi-lender note and the borrower defaults, foreclosure proceedings will require consensus of a majority of the beneficiaries on the note.
- The trust deed investments that you will make will either name you and your percentage interest in the investment or will be assigned to you. Your trust deed investments are not secured by the real estate collateral unless your interests in those investments are recorded.
- Since trust deed and real property sales contract investments have a maturity date, borrowers are under no obligation to pay off the loan prior to the maturity date. Further, in the case of a balloon payment, there is potential risk that the borrower may not be able to make the balloon payment.
